NOTICE

RESIDENTS OF CIMARRON

WATER PLANT TRANSITION

We are nearing final completion of our new water treatment facility. We have set the week for the transition to the new plant for the week of January 9th – January 12th.

The water plant transition schedule is as follows:

Monday the 9th- All contractors will travel/arrive on-site for facility start up and transition.

(“ALL CALL” WILL GO OUT TO REMIND RESIDENTS TO BEGIN CONSERVING WATER)

Tuesday the 10th- The new system will be tested to ensure the plant is READY for transition.

Wednesday the 11th – The old plant will be shut down and the water will be rerouted and connected to the new plant.

Thursday the 12th – The new plant will be started and in full operation.

(“ALL CALL” WILL GO OUT TO INFORM RESIDENTS THE TRANSITION IS COMPLETE)

Barring any unforeseen circumstances, we are making every effort to have the new plant in full operation by Thursday January 12, 2023. During this period, Public Works staff will be unable to produce water. We are asking all village residents and businesses to make every effort to conserve water.

If you have any questions, please call Village Hall at 575-376-2232.

Thank You for your cooperation and understanding during this time.
